

This architectural elevation drawing shows a single-story house with a symmetrical design. The roof is gabled with a central ridge. On the left side, there is a large double-hung window and a small gabled dormer with a louvered vent. The center features a main entrance door with a transom window and a small square window to its right. The right side of the house is dominated by a large two-car garage with a grid-patterned door. A small gabled dormer with a louvered vent is also located on the right side of the roof. The entire drawing is rendered in black outlines on a white background.
